

Katoomba - Three Sisters and Scenic World Day Trip

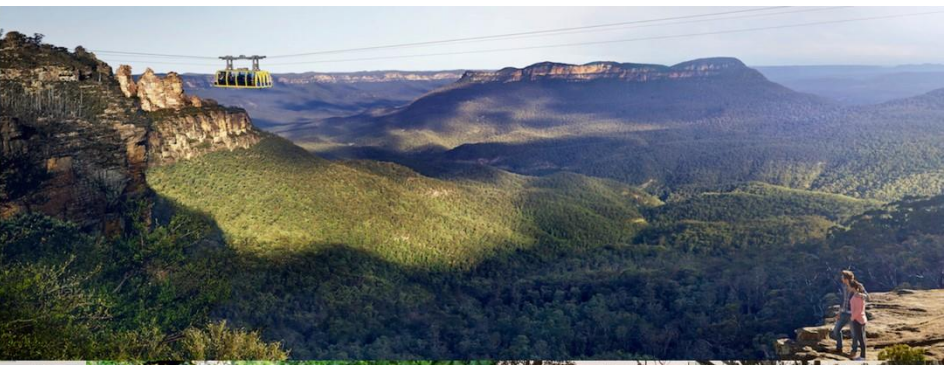

Katoomba is a 30 minute drive from JVV. Turn right at the top of Maxwell Dr and then right onto the Great Western Highway - drive to Katoomba

Scenic World has 3 different rides – The Railway, Cableway and Skyway. A good way of seeing everything in Katoomba is to park at Scenic World where there is free parking. Purchase the unlimited rides pass at the main terminal and ride the Skyway across to the eastern terminal. Take the cliff top walk around to Echo point and then the short walk down to the Three Sisters. Retrace your steps to the Skyway, take it back to the main terminal. Ride the train into the valley and walk along the boardwalk to the Cableway valley floor terminal – ride back to the main terminal. This will take 2 to 3 hrs. If you are fit and wish to make a whole day of it, experiencing mountain bush walking then from the Three Sisters take the Giant Staircase to the valley floor where it meets the Federal Pass track. Follow this track around to the Scenic World rides valley floor terminals and take one of the two rides back to the main terminal. There is also a staircase that comes back up to the main terminal if you want to do the whole loop. If you do not like the heights of the rides then follow the walking track loop shown on the map. The Cultural Centre up in town is also well worth a visit. It has a large lounge area, viewing deck and café. A \$5 entry (kids free) allows you to go into their World Heritage Display and Art Gallery.
